

RELIABLE PERFORMANCE AND HIGH FLEET AVAILABILITY

**CAPABILITY  
STATEMENT**

# COMPANY PROFILE

Our goal is to become  
and remain your rental  
partner of choice.

## ABOUT US

While Simlaquip is a new and growing entrant in the equipment rental market, we have been involved with the mining industry for a considerable number of years. As part of a Mining Group, we have owned and maintained equipment for over 15 years. Our proven track record within the mining industry ensures reliable performance and high fleet availability.

We offer an extensive and growing fleet of low hour civil and mining equipment and are committed to rapid response times, supported by our in-house workshop facilities and field maintenance.

Partnering with us ensures  
reliable performance and  
high fleet availability.

**UNRIVALED  
AVAILABILITY  
TO EXCEED  
YOUR TARGETS**

## **OUR VALUES**

**Accountability:** Our clients deserve the highest standards, and we ensure we meet them.

**Reliability & Responsiveness:** We ensure that our customers receive timely service at all times.

**Collaboration:** We work together with our customers to collectively seek the best solutions.

**Integrity:** We will always be true to our clients in an open and transparent manner.

**Trust:** We ensure our clients receive the service that we have promised them.

# OUR SERVICES

A snapshot of our fleet, currently **including over 65 items**, can be seen on the following pages.

Simlaquip offers dry hire services throughout Queensland. We will endeavor to provide a wet hire solution if needed. Simlaquip provides access to new, low-hour civil and mining equipment, tailored to meet your needs. We offer maintenance support through our own facility in tandem with mobile maintenance personnel and can offer packages for complete mining fleets.

As we continue to grow, we will invest in additional fleet that meets market demands and we intend to develop specializations in certain categories of equipment such as:

- **Dozers**
- **Graders**
- **Excavators**
- **Articulated Trucks**
- **Water Trucks**
